

## 2017-18 VERIFICATION OF HOUSEHOLD SIZE

The number of your household members you reported on your FAFSA appears to conflict with other information in your application file. Please indicate in the chart below the name of each household member that meets the definition below. Note that members of your parents' household who are supported by your parents are NOT considered members of your household.

- A member of your household includes:
- Yourself
  - Your spouse, if married
  - Your **dependent** children – that is, children who you can claim on your Federal Income Tax form, and who would not be considered independent if they were to file a FAFSA. You may also include unborn children who will be born prior to July 1, 2017. Do not include foster children, or children who live outside your home for whom you pay child support.
  - Other dependents – that is, people who live with you and who receive more than half their support from you and who will continue to do so through June 30, 2017.

For each person, indicate name, age, relationship (spouse, son, daughter, etc.), the name of the college the person will attend during 2017-18, and whether that person will attend college at least half time (6 credit hours/term for undergraduates; may differ for graduate students).

Name	Age	Relationship	2017-18 College attending	Half time or more?
