

Scholarship and Financial Aid Office Special Condition Form 2018-2019

Students whose family experiences a change in financial circumstances that will lower family resources from 2016 to 2018 may be eligible for a recalculation of their aid eligibility based on estimated 2018 income. In order to be considered for a special condition calculation, students and their families must meet specific guidelines and **provide documentation of the change.**

NO DOCUMENTATION = NO ADJUSTMENT

All applicants must still complete the 2018-2019 Free Application for Federal Student Aid (FAFSA). This Special Condition Form is used to determine if the circumstances warrant an adjustment to your UDM financial aid award.

1.) Submit a letter explaining the decrease of income. Be specific about the circumstances. Include dates, amounts, etc. Some examples of situations that warrant a re-evaluation include:

- Loss of employment for parent or student/spouse for 10 weeks or more. Overtime is excluded;
- Divorce or separation;
- Death of parent or spouse;
- Loss of untaxed income or benefit;
- Illness/Disability;
- Unusually high child-care costs (over \$1000/month; document);
- Unusual medical or dental expenses not covered by insurance;
- Tuition payments for siblings in kindergarten through 12th grade during January-December 2016. **(If this is your only special condition, you need to complete the Sibling Tuition Payment Form only. This form is available online at udmercy.edu/apply/financial_aid/forms.)**

2.) Attach documentation. For loss of job, a letter **from the employer** stating employment dates, total earnings, estimated pension, and/or severance pay amount. For separation or divorce, documentation from a court, attorney, minister (for annulment) is appropriate. Provide documentation of other situations as appropriate (doctor's certificate of disability, death certificate, tuition or medical bills or letters from school or doctor, etc.)

3.) Complete the 2018-2019 Verification Worksheet and provide a copy of the 2016 IRS Tax Return Transcript for parent(s) and student, if applicable.

4.) Estimate your total income for 2018 from all sources. Do not leave blank. (Documentation Required)

Important Note

The fastest way to confirm the income reported on the FAFSA is by using the IRS Data Retrieval Tool through the 2018-2019 FAFSA. If you have already submitted your FAFSA, you may log in and click “make a correction”. You will be asked a series of questions to determine if you are eligible to use the IRS Data Retrieval Tool. If you are unable to use the IRS Data Retrieval Process through the 2018-2019 FAFSA or if you change your retrieved tax data, then you must provide a **2016 Tax Return Transcript from the IRS** to complete your verification/special condition. You may print a free PDF version of your 2016 Federal Tax Return Transcript by logging on to www.irs.gov. You may contact the IRS at (800)908-9946 with questions.

* We can no longer accept copies of your Federal 1040/1040A/1040EZ form(s) as a way to confirm the income reported on the FAFSA. If we receive copies of your 2016 Federal 1040 form(s), they will be returned to you.
